

## Halkirk Highland Games Association – Sponsors

The Halkirk Highland Games Association is again extremely grateful to their sponsors for the financial assistance they have given. Their continued support ensures that the Halkirk Highland Games remain one of the premier attractions on the Scottish circuit.

CH2M HILL is an employee-owned global project delivery company with more than 18,000 employees world-wide. They serve public and private-sector clients in nuclear, energy, water, environmental, transportation, industrial and related fields. Their corporate experience includes management and execution of some of the most technically challenging nuclear projects in the world. The firm has successfully delivered large, multi-faceted projects for the United States Department of Energy (DOE) and the commercial nuclear industry resulting in reduced performance risk through innovative technical solutions, hands-on leadership, and performance-based incentive contracts. CH2M HILL leads the industry in mission acceleration, risk reduction, cost reduction, and innovations for major environmental management programmes, ranging from initial investigations through cleanup and site closure.
